

YOU ARE DROWNING IN DATA, BUT STARVING FOR INSIGHTS.

KNOWING YOUR TOTAL SALES ISN'T ENOUGH.
DO YOU KNOW WHO IS ACTUALLY
DRIVING YOUR GROWTH?

Without behavioral analysis, you are flying blind.

Poor shipping experiences, low Net Promoter Scores, and misaligned marketing are silently draining your revenue.

We cracked open the underlying behaviors of a \$233K e-commerce store.

3,901

Active Customers

\$233.2K

Total Revenue (+5.4%)

\$59.77

Average Order Value

The data revealed a massive divide: Subscriptions are the business.

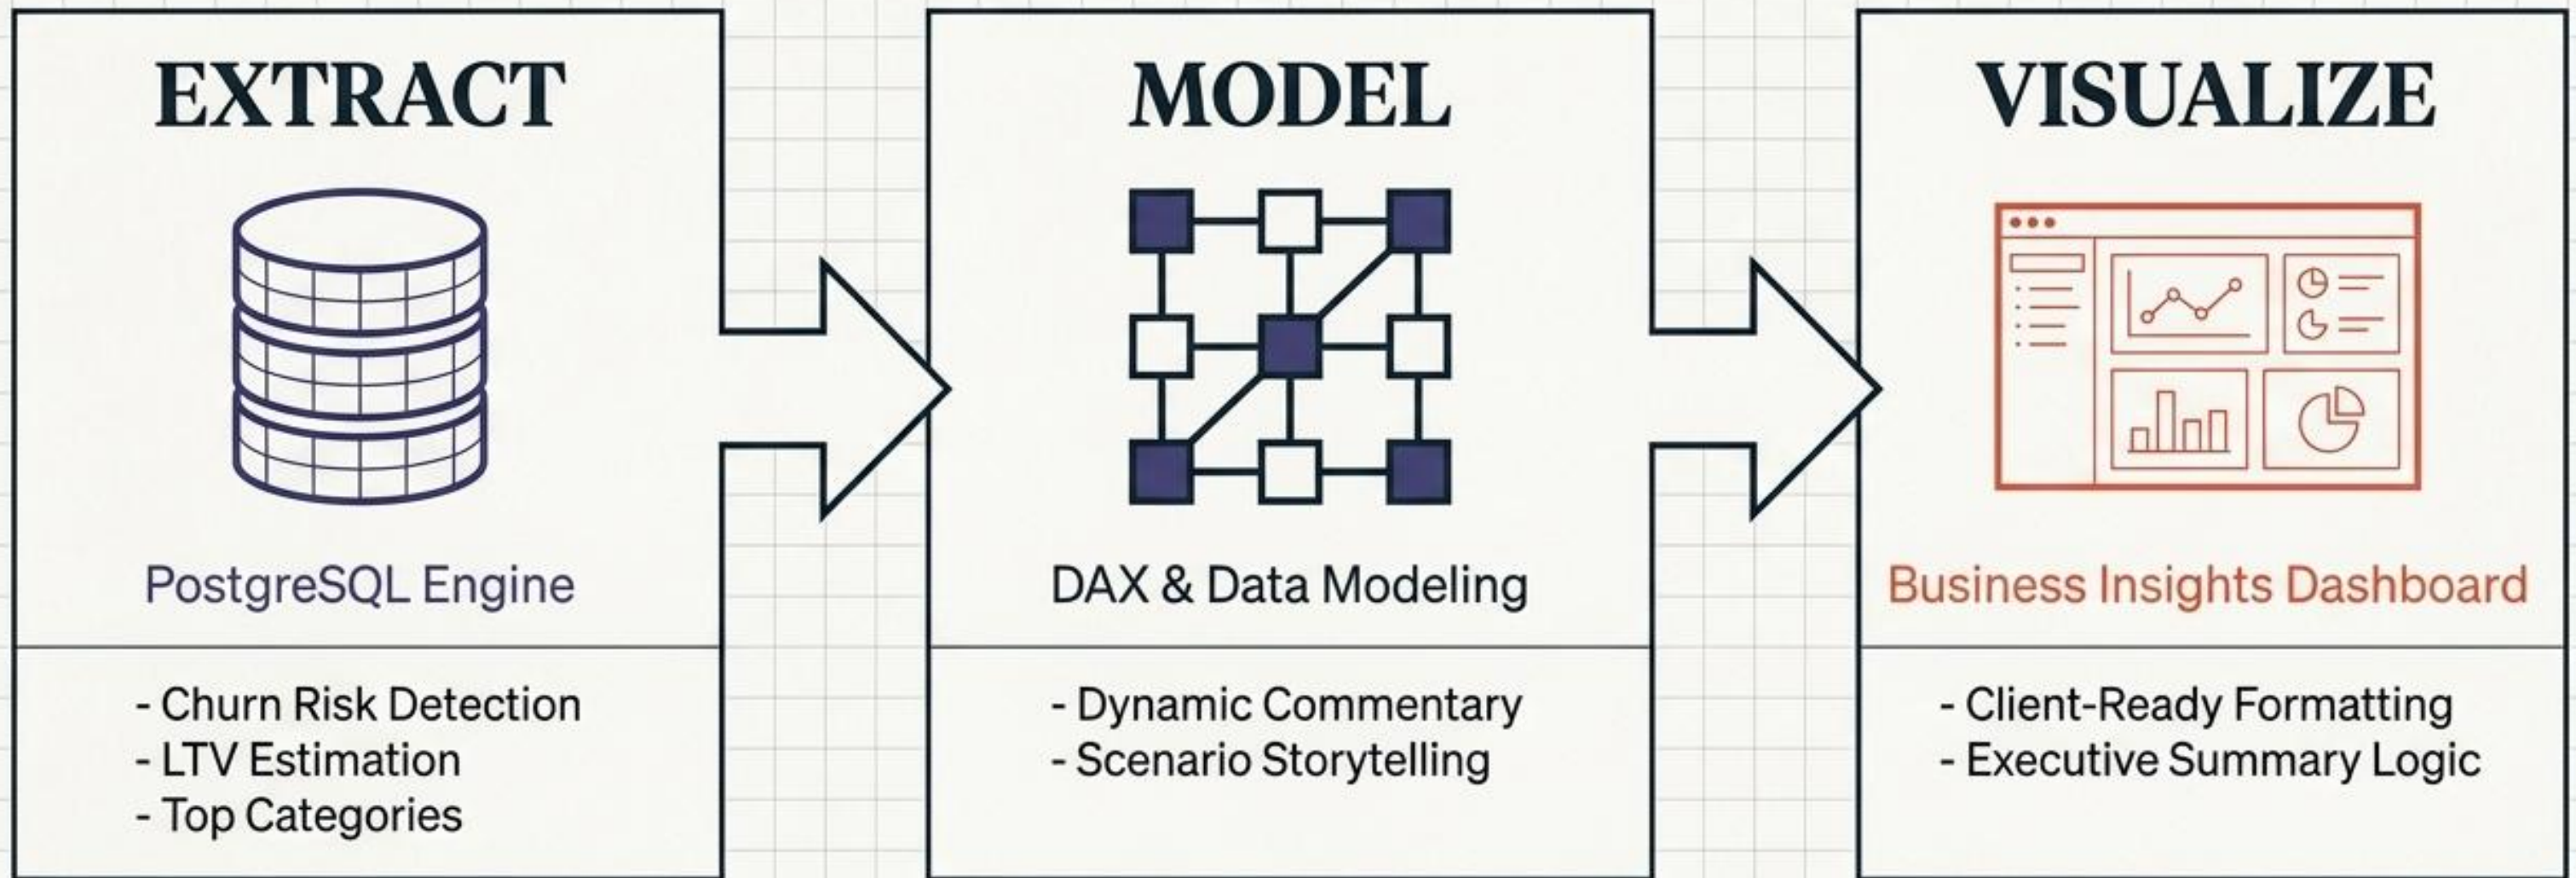

Empirical Proof: Subscription Status & Purchase Frequency Table

Subscription Status	Avg. Purchase Frequency / Year
Non-Subscriber	2.1x
Subscriber	7.4x

The Data-to-Strategy Pipeline

Moving beyond basic reporting into advanced behavioral mapping

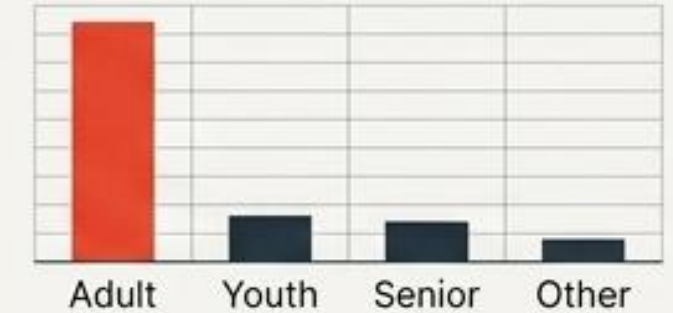

Unlocking the ROI Drivers

Data is useless without action. The analytics revealed three precise strategies for immediate growth.

01

Double Down on Adults

The data shows the Adult segment is driving the highest revenue growth, totaling \$90K.

02

Incentivize Subscriptions

Deploy targeted discount campaigns to convert the 26.8% non-subscriber base, heavily skewed toward the dominant Clothing category.

03

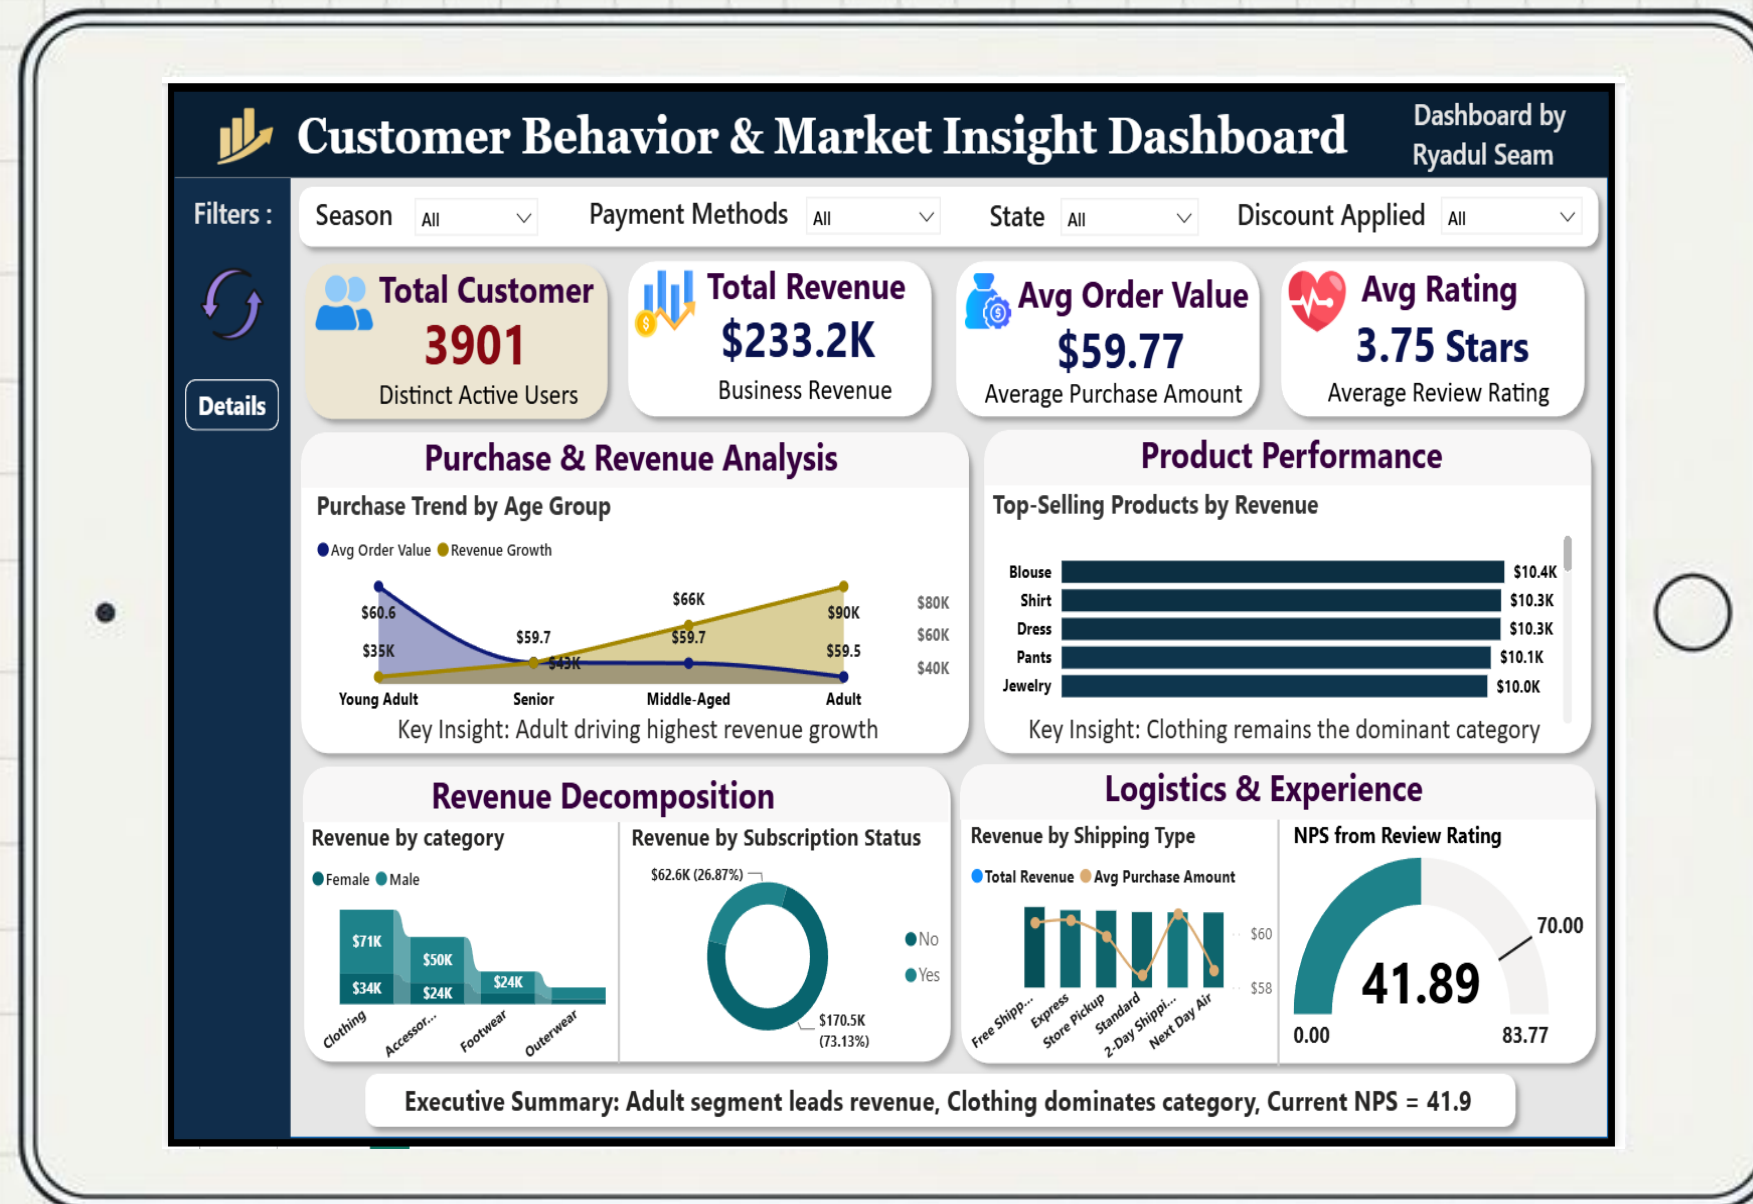

Fix Logistics

Align shipping types (Express vs Standard) to repair the 41.89 NPS and boost the 3.75-star rating.

Stop guessing. Start commanding.

I build custom Customer Behavior & Market Insight Dashboards that turn your raw data into an executive command center.
